

## Stormwater Reduction Project Application

**Project Name:**

**Contact:** *Provide a contact person, phone number, mailing address, and email*

**Participating Agencies:** *List any other collaborating local governments/agencies*

**Summary Description:** *Provide a one-paragraph description of the project.*

**Purpose & Need:** *Provide a description of the purpose and need for the project. Include a discussion of the project's goals and objectives.*

**Project Status & Schedule:**

*Complete the projected (or actual) start & finish dates for each of the following project stages. If any stage does not apply, please enter N/A.*

<i>Stage</i>	<i>Duration</i>	<i>Start Date</i>	<i>End Date</i>
<i>Planning</i>			
<i>Permitting</i>			
<i>Evaluation</i>			

**Project Costs:** *Identify costs of the project by area noted. Include any matching funds.*

<i>Budget Area</i>	<i>Grant Funds</i>	<i>Match Funds</i>	<i>Total Project</i>
<i>Personnel</i>			
<i>Travel</i>			
<i>Supplies/Equipment</i>			
<i>Contractual</i>			
<i>Construction</i>			
<i>Other</i>			

**Water Quality Advantages:** *What water quality advantages will be gained from your project? What would the consequences be without it? How can these advantages be measured?*

## **Detailed Project Description:**

*Provide a detailed description of the tasks, water quality goals, including a task breakdown, and task costs. Include any information relevant to how your project will benefit your community which was not already covered in information sheet.*

## **Project Schedule & Budget:**

*The project schedule should include a timeline of activities to be performed. The project budget should show how grant funds will be used. If other project partners or funding sources are involved, their role and contribution should be clearly defined. If consultants will be part of the project team, their role and costs should be identified.*
